The Matterport Showcase is how you and your audience view and explore your space in its final format. You can download it as an app or access it through any web browser.

- Experience your space in walkthrough mode, dollhouse view, and floor plan mode
- Share the link via email, text message, Facebook, Twitter, or other social media
- View your space in VR
- Access and explore your digital twins offline

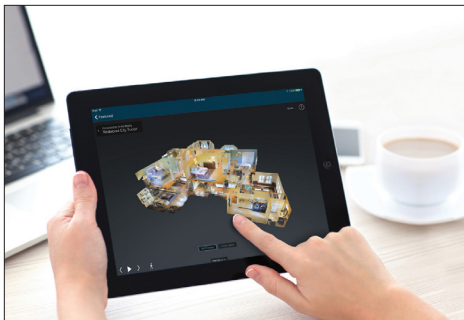

RSA Virtual Marketing is an authorized
affiliate of Freepress Marketing.

Available Add-on Services for Your Virtual Tour

We can provide enhancements for your virtual tour which will expand its usefulness, depending upon your needs. See the information below for more details, or give us a shout. (916) 760-7205

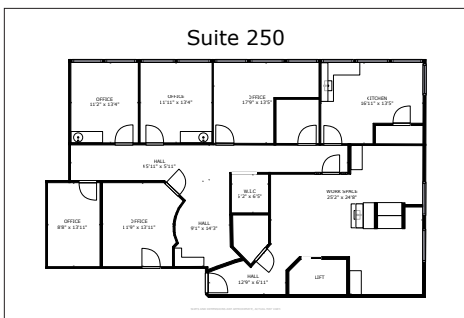

Snapshots

With every shoot, we are able to provide a selection of images which can be used for any number of marketing purposes such as in print materials or for websites, emarketing, banners, posters, and so on. We can either provide the images raw or edit them for you.

Tagged Content

Tagged content is a simple way to give context to spaces and provide important information and features of a space, like Stainless-Steel appliances, links to a website, special offers or videos. This turns the 3D tour into a powerful marketing tool for engaging with customers, or for communicating with remote stakeholders, property buyers, prospective lessees, or global audiences.

Schematic Floor Plans

We can deliver black line drawing floor plans generated directly from your virtual tour scan within three to four business days - labeled exactly as you like - in Adobe Illustrator format.
